

Easter Sunday to Be Generally Observed in Ogden's Churches

Christianity today is worshipping the memory of Jesus, the Christ, throughout the world, and Ogden, together with every city, town and hamlet in civilized nations of the world, is paying tribute to the anniversary of Christ's resurrection, with programs and religious observances.

In addition to these observances, the youngsters are glorifying in Easter with colored eggs, gay colored baskets filled with candies, bunnies, little chickens and all that endears Easter in their hearts. Picnic lunches, with hard-boiled eggs as the principal factor, have been carried to near-by mountains where, unrestrained, Easter has been observed in a somewhat pagan fashion, so far as the churches are concerned, by scores of youngsters.

Love of nature, appreciation of the hills, the air and the daffodils, green fore-runners of summer's foliage, offset to an extent, the fact that church services have been unattended.

NEW BONNETS.

And the ladies have turned out en masse with new Easter bonnets, Washington avenue. If the weather continues fair, should rival larger and more famous streets as the youth and beauty parade today in the new spring finery.

CANTATA AT TABERNACLE.

An elaborate program has been arranged for the afternoon services at the tabernacle. Judge G. S. Barker will preside at the meeting and Adam S. Benson, of the L. D. S. schools will be the speaker at the services which will start at 2 o'clock.

The Seven Last Words of Christ, a cantata by Theodore Fabris, has been prepared by the tabernacle choir under the direction of Director Joseph Ballantyne. This elaborate and beautiful musical offering will require nearly an hour for presentation.

Three Easter services will be held today at the Presbyterian church. The services will be held at 11 a. m., 4 p. m. and in the evening. Elaborate programs for each service have been arranged.

Services for the day at the First Congregational church are as follows: 8 a. m.—Holy Communion. 11 a. m.—Divine Worship and Sermon. 12:15 noon—Sunday school. 2:30 p. m.—Divine Worship and Sermon.

The Ogden High School Chamber of Music society will render selections at the morning service, and not at the evening service as formerly announced. The other items of the services will be rendered as according to the advertisement in Friday night's paper.

At the First Baptist church music will make up the greater part of the services.

The First Methodist church members will participate in an extensive Easter service, not only during the morning, but during the evening as well.

SERVICES DURING DAY.

The Church of the Good Shepherd will also have services lasting through the greater part of the day and during the evening.

Elaborate services have also been prepared for the First Christian church, the Wall avenue Baptist church, and the Lutheran church.

Wards throughout the city will hold general observances, with musical numbers featured.

Extensive decorations, with flowers as the principal motifs, has been finished at practically all churches in the city. Preparations for the observance of Easter this season surpass those of past seasons, it is said.

FUNERAL MONDAY FOR B. B. BROOKS

BIRKETT B. BROOKS

Funeral services for Birkett B. Brooks, 55 years old, who died of heart failure Friday afternoon, will be held at the Elks' lodge Monday afternoon at 2 o'clock. The body may be viewed at the Kirkendall funeral parlor from 10 a. m. until 1 p. m. Monday.

Mr. Brooks is survived by the widow, Olive Critchlow Brooks, his daughter Afton, his father, R. S. Brooks of this city and two sisters, Mrs. May Scott of Long Beach, Cal., and Mrs. Irene Snowden, widow of the late Dr. Snowden of Heiler, Utah.

The deceased was a native of Illinois and was born at Mendota in 1865. He lived in Nebraska for a few years and later removed to Texas, where he lived for eight years. In 1912 he came to Ogden, joining his father in the livestock brokerage business under the firm name of R. S. Brooks & Son. Interment will be in the Mountain View cemetery.

COUNTY FRUIT NOT DAMAGED

Cold Spell Does Not Effect Orchards Says Inspector

Fruit in Weber county escaped injury from the cold spell Friday night, but may have suffered last night if colder weather prevailed, according to information received from C. E. Pettigrew, county crop and pest inspector.

Mr. Pettigrew, in speaking of the cold of Friday night and Saturday morning, stated that apricot trees in North Ogden, which are partly in bloom, were not damaged by the frost. The apricot, one of the earliest fruit trees to blossom, is generally affected more seriously than the later fruit, he said.

"With the way that the trees have budded this season, following last year, with the slight lack of sufficient water, twenty-five of every twenty-six apricot trees could be killed and there would still be a heavy crop," Mr. Pettigrew said.

He stated that a severe frost would be necessary to damage other fruit than the apricots.

APRICOTS DAMAGED.

SALT LAKE CITY, March 26.—With a temperature of 23 degrees prevailing last night, it was estimated today by the county horticultural agent that half the apricot crop in Salt Lake county and surrounding territory would be a total loss. Probability that the temperature would drop to 20 degrees or below tonight was predicted by J. Cecil Alter, local United States meteorologist.

MURDER TRIAL OPENS TUESDAY

Scardinos, Father, Mother and Daughter to Face Jury

One of the most important murder cases to come before the district court this year is scheduled to open Tuesday morning in Judge George S. Barker's division of the court when John Scardino, Josephine Scardino, and their daughter, Jennie Scardino, will be tried for murder in the first degree. They are all charged with the major offense in the alleged shooting of Mike Termaine here in February, 1920.

Following the shooting, the girl is alleged to have admitted the killing and to have declared that she did it to prevent an attack by Termaine. Developments a few months later led to the arrest of her parents in connection with the shooting. John Scardino is now held without bail in the county jail, while the mother and the daughter are at liberty under bonds.

Preparations were being made yesterday for the calling of the jurors for the case. Those who were notified to be present during the impaneling Tuesday were Levi J. Taylor, Joseph Ballantyne, Heber Snowcroft, Harry D. Brown, George Huss, John C. Childs, Albert E. Wilfong, W. E. Turnquist, Oscar E. Savage, Lawrence Taylor, James G. Videsson, Nels W. Mortenson, Moroni Chung, John H. Volker, Charles L. White, Lunarna Shortliff, George Staples, William J. Morton, Leslie H. Saville and Joseph R. Jeppson.

GAIN NOTED IN FOREST RECEIPTS

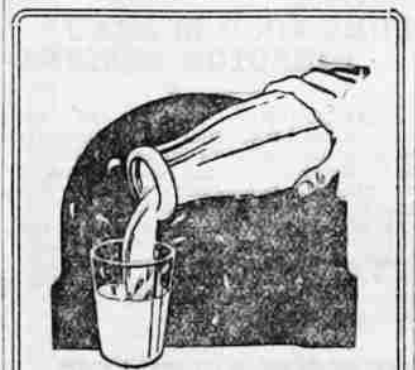

Forest service receipts for the period of July 1, 1920, until February 28, 1921, amounted to \$104,408.59 in the Intermountain district, according to information received from the local forest headquarters. The receipts exceeded those of the same period last year by \$10,982.68.

Total receipts for the entire forest service during this period amounted to \$1,650,633.21. This total shows a decrease of \$19,331.15 over the same period last season. Total receipts for February for the entire forest service amounted to \$294,630.67. Receipts for February of 1920 amounted to \$253,012.00.

BATTERY STATION WILL BE OPENED

Having secured the agency for the Gould storage battery, Billy Gribble, formerly with the Willard battery station, will open on April 1 a new battery service and repair station at 2416 Grant avenue. Gribble has been in the battery business for a number of years in Ogden, Salt Lake and other western cities.

He has outfitted the new establishment to care for all kinds of batteries, including the recharging, repairing and rebuilding work.

PURITY

JOB WANTED BY POET HELD BY MAN AT ROY

(BY H. P. BAGLEY)

Some one, in poetic lines, once wished for a house by the side of the road, where races of men went by.

He's out of luck, that poet, for H. H. Thompson of Roy occupies the desirable habitation and from the dining room window of his house, he can overlook the road, hearing the speeding cars approach, see the cars halted by the self-enforcing law of centrifugal force as they swing about "Death's Curve" on the Riverside road, and can play good Samaritan to injured motorists.

Mr. Thompson has been overlooking that portion of the state highway known as "Death's Curve," for the past fifteen years, and scarcely a week has passed, especially during the last few years, since the development of automobiles has reached its greatest height, that there has not been an accident, many of them serious, and a few of them fatal.

HEARS 'EM COMING.

"I hear them coming and if they sound like they are traveling fast, I look out the window. If they are going fast they turn over every time. Since they put up a clay embankment for the purpose of eliminating the dangerous bit of road, matters have been worse, several cars having climbed clear over the embankment before turning over."

You can tell by the amount of dirt they scrape up, just about how fast they were traveling when the smash came. A choice practice of amateur drivers is to take the curve speedily, just to see if it can be done. It can't, as many have found out.

Mr. Thompson estimated that he

had assisted at least a hundred motorists who had suffered accidents at that point of the road.

OTHER ACCIDENTS.

Fate has apparently set out that particular vicinity for accidents, for it was in the field adjoining Death's Curve that C. O. Priest's plane took to the earth, dug its nose into the ground, and crashed, the occupants escaping without injury.

Mr. Thompson said that accidents happened from time to time along the state highway, especially during the summer months. He expressed an opinion, however, that Death's Curve had the greatest percentage of accidents than any other portion of the road.

FINANCIAL RELIEF OF AUSTRIA DISMISSED

PARIS, March 26.—(By The Associated Press).—The question of relief for Austria will come up again Monday when the financial commission of the country will meet to discuss the policy of effective aid of an international credits scheme proposed by the financial conference in Brussels.

The next step will be a meeting of financial experts in Rome, after which the financial committee of the league will meet the representatives of Austria at Santa Rosa, near Trieste, to present to them the scheme agreed to, which may be elaborated in Paris and Rome.

New York collected \$21,259,640 in inheritance taxes last year.

There are six islands in the Philippines.

Make your skin "A skin you love to touch"

A BEAUTIFUL skin, soft, smooth, faultlessly clear—any girl can have this charm.

For your skin is constantly changing—each day old skin dies and new takes its place. Give this new skin the right treatment, and see how soft and lovely you can keep it.

If your skin is very sensitive and easily irritated, use each night this special treatment:

DIP a soft washcloth in warm water and hold it to your face.

Now make a warm water lather of Woodbury's Facial Soap and dip your cloth up and down until the cloth is "fluffy" with the soft, white lather.

Rub this lathered cloth gently over your skin until the pores are thoroughly cleansed.

Rinse first with warm, then with clear, cool water and dry carefully.

THE very first time you use this treatment it will leave your skin with a slightly drawn, tight feeling. Do not regard this as a disadvantage—it is an indication that the treatment is doing you good, for it means that your skin is responding in the right way to this method of cleansing. After a few treatments the drawn feeling will disappear and your skin will gain a new, healthful sense of softness and smoothness.

Get a cake of Woodbury's today, at any drug store or toilet goods counter, and begin this treatment tonight. A 25-cent cake of Woodbury's will last for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.

What Will You Have for Easter

Your wife or sweetheart naturally demands a little special attention on Easter. Give her a real treat at Culley's Soda Fountain. In liquid drink or a solid treat in sundae style. The highest type of purity products are cleverly produced and appetizingly served.

A Gift of Perfume

Perfumes in fancy bottles make wonderful little Easter gifts. Dainties to the dainty girl—take her one tonight.

Easter Candy

Chocolates, bon bons, all mixtures and assortments, plainly and decoratively packaged. Wonderful qualities, clever gifts and not at great cost. Come down early.

CHOCOLATE SHOP CANDY SPECIAL FOR EASTER \$1.25 lb.

For Men of Action

They all need some active medicinal force that allows them to "keep their nerve." Such a preparation is

Imperatone

It vitalizes the blood and system, energizes and invigorates.

Rubber Gloves

Much needed to keep the hands soft, white and smooth. We are showing an extra quality stock at only

85c

Culley Says:

The ingredients that enter into your prescriptions and the way they are mixed are equally important. When we fill your prescription it represents both science and skill, and the best results are to be expected. Let us supply your medicinal needs.

INDUSTRIES ARE LEADING FACTOR

Ogden Industrial Growth Important to Future of City

Ogden's industrial growth will be an important factor in the value of Ogden realty, according to R. A. Saunders, realtor, who said yesterday.

As a manufacturing center, Ogden is taking vast strides toward industrial development. Centrally located between the producer and manufacturer, and acting as a turn-table for the traffic from all directions, it affords wonderful opportunities to real estate investors. Various large industrial concerns have realized the advantages that Ogden offers them over the other cities in the way of manufacturing locations and as a result Ogden's manufacturing enterprises have doubled in the last few years.

"This constant industrial growth means nothing more or less than that the location is suitable. So those who have not yet acquired the space on which to build should do so at once and avoid an unnecessary double-expense. A real estate investment holds more opportunities than any other field of its class, and if money is invested wisely today, it will reap more than favorable results tomorrow."

HOLD FUNERAL FOR R. S. WOTHERSPOON

The funeral of Robert S. Wotherspoon, fatally injured in an automobile accident last Wednesday, was held yesterday afternoon at 2 o'clock at the Fifth ward meeting house. Bishop C. J. Brown officiating.

The following musical numbers were sung:

"All Through the Night," by Walter Stephens; "Beautiful Isle," Mrs. Vera Ellis and Mrs. Mary Jones; "He Giveth His Beloved Sleep," Leslie Saville; "I Know That My Redeemer Liveth," and "When the Great Red Dawn is Breaking," Mrs. Mary Farley.

Speakers at the services were President George E. Browning, Thomas A.

PULP MILL TO BE BUILT IN IDAHO

Idaho Falls has been selected as the site of a \$5,000,000 pulp mill to be constructed by the Howard Pulp & Paper company, a new concern incorporated under the laws of Idaho for \$25,000,000, according to Colgate Kolzing, of Denver, Colo., president of the company.

Idaho Falls is in Ogden during the past week conferring with officials of the forest service. This project, forest officials say, will cover pulpwood from the Teton forest, and possibly from the Wyoming and Targhee forests. No formal application for forest service timber has yet been filed.

DR. SIMONS RESTS IN GRIPPE ATTACK

BERNE, Switzerland, March 26.—Dr. Walter Simons, German foreign minister, who is suffering from an attack of grippe, arrived here today on the way to Lugano for ten days' rest.

Druggists and Doctors Astonished at Wonderful Power of Nicotol to Stop Tobacco Habit

To Detect Harmful Effects of Tobacco Try These Simple Tests

New York: Mr. Tobacco, remedy will tell you that a remedy to successfully stop the tobacco habit is inevitable. Nicotol, the famous remedy for the tobacco habit, is a success right from the start, simply because it quickly does the work promised. We publish a few letters from some of the best known druggists in the country giving you an idea of what they think of Nicotol, and you may rest assured that they would not permit the use of their names unless Nicotol was something out of the ordinary. The Peoples Drug Stores have five of the best stores in Washington, D. C. They write: "Since we have handled Nicotol the sale has been greater than that of all the rest of the articles of this nature which we have ever sold. The demand was so great that we were compelled to order it locally by pending receipt of a shipment from your direct."

Schramm-Johnson, who has enjoyed a very large sale of Nicotol, and it has given entire satisfaction to our customers." Jacob Brothers of Philadelphia, Pa., have had to keep up with the sales of Nicotol have passed our expectations. Our first order was placed late in March and we were forced to place orders before the end of April; the sales have kept up well ever since. There is no doubt that we are receiving many repeat orders from our customers, and many expressions of opinion regarding the merit of this article have been very favorable. Dr. Connor, formerly of Johns Hopkins hospital, tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been affected had it not been for the use of tobacco to excess, and thousands would soon get well if they would stop. The chief habit-forming principle of tobacco is nicotine, a deadly poison which when absorbed by the system, slowly affects the nerves, membranes, tissue and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, bronchial trouble, hardening of the arteries, tuberculosis, blindness, or even cancer or the common affliction known as tobacco heart. If you use tobacco to excess in any form you can easily detect the harmful effects, by making the following simple tests: Read aloud one full page from a book. If in the course of reading your voice becomes hoarse, indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual morning walk, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of organic or nervous heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves you are a slave to the tobacco habit and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or you may stop the habit and escape the danger. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol; take one tablet after each meal and take two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or you may stop the habit and escape the danger. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol; take one tablet after each meal and take two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or you may stop the habit and escape the danger.
